I know it's late I shouldn't call at this hour But it's my fate I need lips to devour My nervous system is shot all right I won't sleep unless you

Sleep with me tonight Deep with me tonight (tonight) You play with fire They want your skull A spell of desire Affaires fatales Play with me tonight Casino royale Affaires fatales A spell of desire Casino royale

I know it's late We've known each other a while I can't wait (can't wait) To see your twisted smile Kindred spirit of candlelight I won't sleep unless you

Sleep with me tonight Deep with me tonight (tonight) You play with fire They want your skull A spell of desire Affaires fatales Play with me tonight Casino royale Affaires fatales A spell of desire Casino royale

Sleep with me tonight Deep with me tonight (sleep with me tonight) You play with fire They want your skull A spell of desire Affaires fatales Play with me tonight Casino royale Sandra
