

Crazy Juliet

Sandra

You
You were my everything
You laid the foundation
Of my life

While
I'd been stranded in notions
You handled emotions
By my side

You said: take a seat
Tell you bout a golden ring
Married people lack emotion
Love is just a fight

Crazy Juliet here i come again
Let's have fun tonight
Everybody needs somebody
Crazy Juliet
The time of your life

You
You have been lost an' found
I travelled the ocean
Well you know

Now
Is the time for devotion
My heart is in motion
Like before

I say: watch the bride
Juliet's got a golden ring
I don't need no invitation
Comin' late at night

Crazy Juliet here i come again
Let's have fun tonight
Everybody needs somebody
Crazy Juliet
The time of your life
