

Infinite Kiss

Sandra

Reaching out for you
Watching everything that you do
There's no doubt
When it's dark you would carry my heart
Holding on to you
Every smile gives me one more proof
When I'm gone
You keep counting the hours one by one

You're sending me an infinite kiss
With your eyes
An infinite kiss
Phantasize
When I wake up
You make my heart, singin
da, da, da, da, da...
This will be forever
You'll be sending me an infinite kiss
With you eyes
An infinite kiss
Phantasize
When I wake up
You make my heart, singin
da, da, da, da, da...
This will be forever
You'll be sending me an infinite kiss

Take me home tonight
hold me closer please hold me tight
I feel love
I feel strong like i know who I am
