

# Logical Love

Sandra

I don't see the reason why you treat me this way  
how could you be cheating me, cause I feel betrayed  
is it love, is it hate, fantasy or my fate  
show me the colors that could light up the grey

you have shown mirror that has broken my heart  
I keep coming back to you right from our start  
how can you be so cold  
but you thought love was gold  
love is a mystery, it's magical art

structure of chaos, love ain't logical  
no words, no numbers  
love ain't logical

why keep human beings coming back to this drab  
why not live in freedom where our music is at  
that's beyond all my brain  
maybe we know the pain  
we are out of a sight until our love on attack

structure of chaos, love ain't logical  
logical love  
no words, no numbers, love ain't logical  
logical love  
no explanations, love ain't logical  
logical love  
no who - when - why - cause, love ain't logical

hold me close  
stop to talk  
take me now  
I know what I need  
let it go  
to where you want  
don't slow down  
I know what I need

structure of chaos, love ain't logical  
logical love ...

hold me close...

structure of chaos, love ain't logical  
logical love ...

logical love

logical, logical love

hold me close  
logical love  
to where you want  
take me now  
don't slow down
