Put Some 80ies In It

Sandra

Put some 80ies in it
Put some 80ies in it
Put some 80ies in it
Put some 80ies in it

I'm gonna press rewind on my walkman and have some fun
Retro times are all the rage and 80ies are number one
Back to the future is the slogan for
Everyone who wants to be hip

The Police A-Ha And Genesis
They're all coming back
And Madonna has never been off the track
You may wonder what this means for your party's tape deck
But listen to this

You wanna push the party to the limit
(Oh yes)
The 80ies did it party starts right in a minute
So put some 80ies in it
Push the party to the limit
(Oh yes)
The 80ies did it
Party starts right in a minute
So put some 1980ies in it

This decade's alive
The sound is so right
To push the party to its limit tonight
This decade's alive
The sound is so right
Put some 80ies in it

Push it
Push it
Push it
Put some 80ies in it

Push it
Push it
Push it
Put some 80ies in it

My VHS is on rewind and state of the art
The 80ies heroes on tv are now big cinema
Miami Vice and the guy with the speaking car
They are hip

Rocky Balboa is fighting his final round
Even Indiana Jones is still sneaking around
You may wonder what this means for you party sound
But listen to this
