

# Say Love

Sandra

Say love  
Say love

Say love  
Say love

You say you need no one  
Cause you know how  
It feels to be hurt and left alone  
(Cause you know how)  
(It feels to be hurt and left alone)

You'll see in time  
If you let the sun shine  
The rain and the clouds  
In your mind will be all but gone

Oh cause I know you can make it  
Oh it's your heart he can't break  
No you gotta get up there again

Say love  
Say love  
Live like you love  
And love like you live  
Say love  
Say love  
You gotta say it  
Say love  
Say love  
With or without  
Out or within  
It's never too late to begin  
Rise above  
Say love

People rush in and out  
Working to buy all the things  
We can do without  
(Working to buy all the things)  
(We can do without)

Someday we'll find  
We're in this together  
As long as we try  
Not to turn out back on love  
(As long as we try)  
(Not to turn out back on love)

Oh cause I know we can make it  
Oh so let's all celebrate it  
Oh every heartbeat as one

Say love  
Say love  
Live like you love  
And love like you live

Say love  
Say love  
You gotta say it  
Say love  
Say love  
With or without  
Out or within  
It's never too late to begin  
Rise above  
Say love

Olaf:  
(Love)  
Love is there when you need it  
(Just feel it)  
If you believe  
You'll receive it  
(Just see it)  
It's always waiting outside your door  
(Close your eyes)  
(It's right in front of you)  
You got the key to unlock it  
(Move closer)  
In every way you can top it  
(Together)  
So come on out  
What'cha waiting for  
(All I want to say)  
(Is love)

Cause I know we can make it  
So let's celebrate it  
Every heartbeat as one  
Say love

Say love  
Say love  
Say love  
Say love

Say love  
Say love

Say love  
And now  
With or without  
Out or within  
It's never too late to begin  
Rise above

Say love  
Say love  
Live like you love  
And love like you live  
Say love  
Say love  
You gotta say it

Say love  
Say love  
With or without  
Out or within  
It's never too late to begin  
Rise above  
Say love
