

Stay in Touch

Sandra

One more time
You put your arms 'round my waist
Feeling me
You're crazy for me - can't escape
You should know
We're sometimes going out to play
My touch is real -
But in the end I'll have to go my way

It's been you and me
Dancing all night
Going round and round
Flying high
I can't take it any longer
My love is growing stronger
But boy I'm sorry, this doesn't mean much
Let's stay in touch
Stay in touch

Please don't stop
Maybe we'll never meet again
Come to me
Don't try to understand
Fire burns
A spark hits oxygen
Keep me there
And don't let me leave again
