

# The Art of Love

Sandra

Please be patient  
Listen  
Don't feel ashamed  
Love - fear - torture  
But inside  
The child is still the same  
I feel so far from you  
But I always think of you  
Ten - twenty - thirty times - forever

That's the art of love  
(the art of love)  
The art of love  
(love)  
That's the art of love  
(the art of love)  
The art of love

Words of the Shaman  
Were always by my side  
Pride - truth - power  
Let them all go by  
Everytime we fight  
I look into your eyes  
Ten - twenty - thirty times - forever

That's the art of love  
The art of love  
The art of love  
The art of love  
(love)

Emportes moi  
Ici, ailleurs  
Ecountes mon coeur

That's the art of love (the art of love)  
The art of love

That's the art of love
