We'll Be Together

Days in blue An' nights in fever Fall in Chinatown Flames an' light A silent fire Not a single sound

Who used to cry for love Time an' time again I used to cry for some love tonight

An' we'll be together With a little luck a little luck We'll be comin' out of the dark Say you will Say you'll come my way An' this means forever With a little luck a little luck We'll be comin' out of the dark Say you will Say you'll come

Night is cold An' moon is flashin' In a lonesome dance I don't care Cause you're beside me I can take my chance

It's like a wave That touched my skin An' I'll let you stay

We'll be together
