

Alive

Santa Cruz

In peace i'm minding my own business, I got nothing on you
You came 'round boosting self-righteousness, pathetic brand of blue
I laugh at everything you stand and ever stood for
Your sorry ass is going down

'Cause I'm alive
And nothing you do is gonna take it away
'Cause I'm alive
Unlike you'll ever be, so you better

Shut up, Shut up, Shut up, Shut up
Your pretty face ain't talkin' to me
Shut up, Shut up, Shut up, Shut up
I don't give a fuck so just let me be

If you can't stand your life in bullshit, don't throw it on me
You'll never gonna make me feel t, I'll always be at ease
It's no one's fault that you never got what you set out for
No one can ever take that regret out of you

'Cause I'm alive
And nothing you do is gonna take it away
'Cause I'm alive
Unlike you'll ever be

'Cause I'm alive
So shut your mouth now
'Cause I'm alive

Shut up, Shut up, Shut up, Shut up
Your pretty face ain't talkin' to me
Shut up, Shut up, Shut up, Shut up

And nothing you do is gonna take it away
'Cause I'm alive
Unlike you'll ever be
'Cause I'm alive
And nothing you do is gonna take it away
'Cause I'm alive
Unlike you'll ever be so you better

Shut up, Shut up, Shut up, Shut up
Your pretty face ain't talkin' to me
Shut up, Shut up, Shut up, Shut up
I don't give a fuck so just let me be
