

# My Remedy

Santa Cruz

1, 2, 3... Go!

We need a motherfucking remedy

Remedy!

We need a motherfucking remedy

Remedy!

I'm broken, shattered n' torn apart

I've ran, ran, ran and I'm still lost in the dark

I was looking for remedy

Tasted insanity

Fell in this tragedy

(Remedy!)

Booms and bullets won't work for me

'Cause I'm already as dead as a man can be

Power's a drug an we're ruled by addicts

Who are searchin' their final fix

(Remedy!)

Hear my voice when I shout it out loud

I need to flee baby set me free

Hear my voice when I shout it out loud

I need to flee baby set me free

Give me serenity, my remedy!

Hear my voice when I shout it out loud

I need to flee baby set me free

Give me serenity, my remedy!

Remedy!

We need a motherfucking remedy

Remedy!

Remedy!

Somebody saved by the bell

They call him a saint

"It's a miracle!"

Fuck that I'm sure aint

Seeking for ecstasy, guided by heresy

Your own worst enemy

(enemy!)

Hear my voice when I shout it out loud

I need to flee baby set me free

Hear my voice when I shout it out loud

I need to flee baby set me free

Give me serenity, my remedy!

Hear my voice when I shout it out loud
