

Nothing Compares To You

Santa Cruz

I'm steppin' out to the sun
Oh it feels so good to be back around
I've been on a roundabout far too long
Looking for an answer to what is right or wrong

Mama told me, boy, you should think twice
I didn't care I never came to realize
That nothing, nothing compares to you
Through all the places that I've been to
I came back to tell you that I need you
'Cause nothing, nothing compares to you

I've been living on the run
To free myself to be the wild one
To find my place under the sun
My rocky road led me to find you, find you
'Cause nothing, nothing compares to you

Since I came around
Claimed myself from the lost 'n found
I'm not on a roundabout anymore
'cause I found the answer
I've been reached the shore

Mama told me, boy, you should think twice
I didn't care I never came to realize
That nothing, nothing compares to you

I've been living on the run
To free myself to be the wild one
To find my place under the sun
My rocky road led me to find you, find you
'Cause nothing, nothing compares to you

I've tried not to lose myself, been through
Heaven been through hell
Through all that I came back to tell
If I had a chance to do it again
I'd know that you were heaven sent
I'd keep you by my side my friend

I've been living on the run
To free myself to be the wild one
To find my place under the sun
My rocky road led me to find you, find you
'Cause nothing, nothing compares to you
