

Aye Aye Aye

Santana

Standing in the doorway
Beneath the moonlit sky
An angel stood before me
And looked me in the eye

Aye aye
Aye aye aye
Aye aye aye
Aye aye aye

She moved up right beside me
And we began to dance
The groove was all around us
We slipped into a trance

Aye aye
Aye aye aye
Aye aye aye
Aye aye aye

Dancing to the rhythm
Moving to the beat
Everybody's singing
You could feel the heat

Aye aye
Aye aye aye
Aye aye aye
Aye aye aye
