

## I'll Be Waiting

Santana

It's been so long since I've seen your face  
Yet I know soon I'll have your embrace  
I'll be waiting  
Waiting just for you  
Life keeps afloat and my love grows and grows  
You are the lightin'  
I'll be waiting  
Waiting just for you  
Oh, it's been a long, long time by  
I don't mind  
Rhythm deep, to know the earth  
Keep waiting, waiting  
Waiting just for you
