

Mirage

Santana

Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage

When you look at me through your crystal glass
You will see that I am now your past
But you give your love to me
In your life I wasn't meant to be

Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage

But until that day has come
When you'll say, "I'll be your only one"
I will live the way it's meant for me
With ups and downs and mystery

Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage

Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage

Just a mirage
Fading away like water
Oh oh oh, I am just a mirage

Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage
Oh oh oh, I am just a mirage
