

Paris Finale

Santana

This is total junk
And the opposite of what I want
How life guides me
Has never been righty

But the Paris Finale
Brought back memories
Of those days where I dream
Of the city that seemed a beauty

Now I'm feeling better
Because I've just seen whatever
Life and dreams come together
For the feelings that will last forever

But the Paris Finale
Brought back memories
Of those days where I dream
Of the city that seemed a beauty

Paris Finale is a dream, a beam
Where you cross with wisdom

Paris Finale is a dream, a beam
Where you cross with wisdom

Paris Finale is a dream, a beam
Where you cross with wisdom
