

## Practice What You Preach

Santana

What's wrong with you?  
Can't you live by the way you preach?  
And change every time to see someone  
You forget about the things you need

But I know from just bein' around  
It's easy to go downhill  
Starting from today  
I'll seek only my Lord's way

So I'll be happy  
Free and unafraid from today, yeah

I know from just bein' around  
It's easy to go downhill  
Starting from today  
I'll seek only my Lord's way

So I'll be happy  
Free and unafraid from today, yeah
