

## Why Don't You & I

Santana

Since the moment I spotted you,  
Like walking 'round with little wings on my shoes.  
My stomach's filled with the butterflies,  
ooo, and it's alright.  
Bouncin' round from cloud to cloud,  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you know I'd lied.  
ooo..

Every time I try to talk to you,  
I get tongue-tied,  
Turns out everything I say to you come out wrong  
And never comes out right.

So i'll say why don't you and I get together,  
Take on the world and be together forever.  
Heads we will, tails we'll try again.  
So I say why don't you and I hold each other,  
Fly to the moon and straight on to heaven,  
'Cause without you they're never gonna let me in.

When's this fever gonna break?  
I think i've handled more than any man can take,  
I'm like a love sick puppy chasin' you around.  
ooo, and it's alright.  
Bouncing 'round from cloud to cloud,  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you know I'd lied.  
ooo..

And slowly I begin to realize this is never going to end,  
Right about the same time you walk by,  
And I say "Oh here we go again"  
Oh..
