

My name is Anne, I got a plan  
I may lack virtue  
But I'm penitent  
Ah-ooooh  
Ah-ooooh  
To lose my mind  
It's never easy  
A shadow still  
there's weight to me  
Ah-ooooh  
Ah-ooooh

J-j-jesus pieces  
Rescue me  
the more I try  
the more it gets too complicated

J-j-jesus pieces  
Rescue me  
The more I give up  
The more it takes  
The more it takes

My name is Anne, I'll take a stand  
I'll hold my head up dig on in  
Ah-ooooooooh  
You can bait me for the hell of it  
I'll take it for the hell of it

See it there, but it's too far ahead  
Go numb from how bad I want it  
See it there but it's too far ahead  
And I hear you calling to me right from here

J-j-jesus pieces  
Rescue me  
the more I try  
the more it gets too complicated

J-j-jesus pieces  
Rescue me  
The more I give up  
The more it takes  
The more it takes
