

Your Voice

Santigold

I want to hear your voice
and I won't say
that it's bad when you're far
I want to hear your voice
and I won't say
that I cry when you're gone
I wonder why you are so cold
why you are so cold
when I know you're on fire
I want to hear your voice and I won't say

That maybe we'll never end up

Where you've been now
does it render you so different
'Cause baby I don't know
what I'll do if you don't want to be here no more
Do you stay, I don't know
but I just want to
I want to hear your voice again
So are you coming, are you coming
Come back to me
I want to be
where you lay down your robe

And I won't run out in your way
when you head back home
And I'm gonna heed my mind
just nod my head
I'm 'a leave you to what you know
