

Take my life just right before I reach the gallows
It's not enough, it's not enough
But, I can't seem to let it go

Take a step back
With subtlety, risk everything
That you thought you valued most before you realized
That it was all a joke under the blinding light
Find out everything that seems important in your life
To look at the bigger picture
Find out little things that scratch you in and at your mind
You'll have to find the answers now

Take my life just before I reach the gallow
It's not enough, it's not enough
But, I can't seem to let it go

Disconnect us
With subtlety, remember...
What you thought you valued most before you realized
That it was all a joke compared to something right

Find out everything that seems important in your life
To get a look at the bigger picture
Find out little things that scratch you in and at your mind
You'll have to find the answers now

Just let it go, just let it go
Just let it go, promise us you'll flow

Take, just let it go
Run, just let it go
Take, just let it go
Just promise that you'll go

Keep fighting hard against the waves
Avoiding fear but you're afraid

Just let it go, just let it go

You take me by the throat
Keep it to yourself
I'm not the same, the same as you

Keep fighting hard against the waves
Avoiding fear but you're afraid
Just let it go, just let it go

Before you saw my life, you let me in so deep inside
