

# It's All Over Now

Saosin

Leave, go on and leave, you said  
Turn and walk away  
Life's not worth it anymore  
You stopped shaking and you slowly faded away  
Now you're lying on the floor

I can't hear your heart beating anymore, no  
I can't hear your heart beating anymore, no

It's all over now  
What am I gonna do with all this time I set aside for you (aside for you)  
I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know  
You were all alone

Gone, memories gone  
I know I was the one  
Who was ignoring you for way too long  
I hope while sleeping  
I know that if you're finding solid ground  
You'll know everything is, everything is sound

I can't hear your heart beating anymore, now (everything is sound)  
I can't hear your heart beating anymore, now

It's all over now  
What am I gonna do with all this time I set aside for you (aside for you)  
I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know  
You were all alone

Over now, over now  
Maybe someday I can meet you there

It's all over now  
What am I gonna do  
What am I gonna do

It's all over now  
What am I gonna do with all this time I set aside for you  
I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know  
No I won't be needed now  
To pick up the phone and call you  
Like I'm supposed to know  
You were all alone
