

Nothing Is What It Seems (Without You)

Saosin

You look like you're letting go
I know that you won't call on me
You look like you're letting go
I know what my instincts are telling me
And you're fading out
It's so hard without you
This wasn't my fault

Tell me how am I supposed to live without you
This is all that I remember before you changed
You're stuck in the dream with next to nothing
I'm all alone and nothings what it seems
Without you next to me

Sometimes it feels like home
So safe in the shade
But when the summer fades
There's always something missing
And now that I'm on my own
I know why you just
Just couldn't stop
And why you had to leave
It's so hard, without you
This wasn't my fault

Tell me how am I supposed to live without you
This is all that I remember before you changed
You're stuck in the dream with next to nothing
I'm all alone and nothings what it seems
Without you next to me

I never imagined I would feel so lost
I never imagined it would be so hard
I never imagined I would feel so lost
I never imagined this would be so hard

Tell me how am I supposed to live without you
This is all that I remember before you changed
You're stuck in the dream with next to nothing
I'm all alone and nothings what it seems
Without you next to me

Tell me how am I supposed to live without you
This is all that I remember before you changed
You're stuck in the dream with next to nothing
I'm all alone and nothings what it seems
Without you next to me

Tell me how am I supposed to live without you
Tell me how am I supposed to live without you
