

# Nothing Is What It Seems (Without You)

Saosin

You look like you're letting go  
I know that you won't call on me  
You look like you're letting go  
I know what my instincts are telling me  
And you're fading out  
It's so hard without you  
This wasn't my fault

Tell me how am I supposed to live without you  
This is all that I remember before you changed  
You're stuck in the dream with next to nothing  
I'm all alone and nothings what it seems  
Without you next to me

Sometimes it feels like home  
So safe in the shade  
But when the summer fades  
There's always something missing  
And now that I'm on my own  
I know why you just  
Just couldn't stop  
And why you had to leave  
It's so hard, without you  
This wasn't my fault

Tell me how am I supposed to live without you  
This is all that I remember before you changed  
You're stuck in the dream with next to nothing  
I'm all alone and nothings what it seems  
Without you next to me

I never imagined I would feel so lost  
I never imagined it would be so hard  
I never imagined I would feel so lost  
I never imagined this would be so hard

Tell me how am I supposed to live without you  
This is all that I remember before you changed  
You're stuck in the dream with next to nothing  
I'm all alone and nothings what it seems  
Without you next to me

Tell me how am I supposed to live without you  
This is all that I remember before you changed  
You're stuck in the dream with next to nothing  
I'm all alone and nothings what it seems  
Without you next to me

Tell me how am I supposed to live without you  
Tell me how am I supposed to live without you
