

Why Can't You See?

Saosin

If we've got something going tell me why is he here?
You leave me hanging by a thread when the lion is near.

I'm not about to drop the ball
You clearly cannot say

Why can't you see with my hands holding your eyes open
It's hard for me to think straight when your mouth is moving.

You could have been all I wanted and all that I need.
But you had to leave cause it's easy to fall in love with machines

I'm not about to drop the ball
You clearly cannot say

Why can't you see with my hands holding your eyes open
It's hard for me to think straight when your mouth is moving.
(2x)

Go away. No please stay.
Go away. You'll stay. Stay away.
(2x)

Why can't you see with my hands holding your eyes open
It's hard for me to think straight when your mouth is moving.
Shut up, sit down, find your way out just leave me alone.
You cant make me believe that you have changed at all.
