

Cryin' Game

Sara Evans

Do me right don't do me wrong
Treat me nice or I'll be gone
I know where to find the door
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more

Tell me truth don't tell me lies
Don't wanna hear no alibis
I've been down that road before
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more

Give me love I can believe in
Give me love I'm able to trust in
Show me you are ready and willing
To stand by me like I stand by you

Bring me joy don't bring me pain
I've seen enough of the pooring rain
Show me love's what your living for
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more

Give me love I can believe in
Give me love I'm able to trust in
Show me you are ready and willing
To stand by me like I stand by you

Do me right don't do me wrong
Treat me nice or I'll be gone
I know where to find that door
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more
Ain't gonna play the crying game no more
