

Good Love Is Hard to Find

Sara Evans

I'd always heard it's out there
The you just know it kind
But all I ever found was
Good love is hard to find

I was ready, I was willing
To let it in my life
But that's just half the battle
'Cause good love is hard to find

Talkin' 'bout sweet, sweet kinda love
The no such thing as get enough of
You can't hide it love
It's written on your face

So when I saw you from a distance
And that something in your eyes
It was met with no resistance
'Cause good love is hard to find, yeah

Well, you talk about your miracles
There's no doubt you are mine
And don't think that I don't know it
'Cause good love is hard to find

Yeah, to find someone who knows you
And everything you are inside
Oh no, there's nothing you won't do
'Cause good love is hard to find

Talkin' 'bout sweet, sweet kinda love
The no such thing as get enough of
You can't hide it love
It's written on your face

There's no day I won't get through
If I hold you through the night
Oh, I'm never gonna lose you
'Cause good love is hard to find, yeah

Oh, talkin' 'bout sweet, sweet kinda love
The no such thing as get enough of
You can't hide it love
It's written on your face

If there's one thing I can count on,
One thing I know is right
Every day I live I'll choose you
And good love is hard to find
Oh, I'm never gonna lose you
And good love is hard to find
