

# Gotta Have You

Sara Evans

I love you like I love the sun  
Shining down no matter what  
You know just how to light me up  
I love you like I love the sun  
I need you like I need to breathe  
Without you my heart couldn't beat  
You're in my blood, you're part of me  
I need you like I need to breathe

Tell me where, tell me where would I be  
Without you, baby, I'm not me  
Tell me what, tell me what would I do  
I could lose it all but I gotta have you, you, you

I want you like a burnin' flame  
I wake up callin' out your name  
Don't take your time, don't make me wait  
I want you like a burning flame

Tell me where, tell me where would I be  
Without you, baby, I'm not me  
Tell me what, tell me what would I do  
I could lose it all but I gotta have you, you, you  
I gotta have you, you, you

You save me like an answered prayer  
A constant faith that's always there  
I take you with me everywhere  
You save me like an answered prayer

Oh, tell me where, tell me where would I be  
Without you baby, I'm not me  
Tell me what, tell me what would I do  
I could lose it all but I gotta have you, you, you  
I gotta have you, you, you  
I gotta have you, you, you
