

Love You with All My Heart

Sara Evans

I can feel you watchin
I can feel your eyes on me
I can hear you whisper
And I just get so weak
But i'm a little bit scared
It's been a long time
Since I let my guard down and let someone inside
You dont need to wonder
Cause tonight you'll get it all

And when the night closes in
I'm gonna pull you so close
Hold you so tight
Gonna let it all go
And you can do what you want
You can take me right here
Cause I knew from the start
I was gonna love you with all my heart

Take my hand now
And i'm ready to begin
Though it makes me crazy
When your fingers touch my skin
And I know what you want
And you know what I need
There's no reason to pretend that we dont know what this means

Cause when the night closes in
I'm gonna pull you so close
Hold you so tight
Gonna let it all go
And you can do what you want
You can take me right here
Cause I knew from the start
I was gonna love you with all my heart

I'm gonna rock you baby
And take away your maybe
And you can rest here in these open arms yeah

Cause when the night closes in
I'm gonna pull you so close
Gonna hold you so tight
Gonna let it all go
And you can do what you want
You can take me right here
Cause I knew from the start
I was gonna love you with all my heart
ooooo baby
I was gonna love you with all my heart
ooo yeah
I was gonna love you with all my heart

I can feel you watchin
I can feel your eyes on me
