

Gotta be honest, we're on to something here
I got a feelin', I'm feelin' oh so clear
It's not the weather, it's not the atmosphere
It's you that's got me grinnin' from ear to ear

I said, ooh, ooh-ooh ooh-ooh ooh-ooh
I'm in love with you
Baby, look how you and me
We fell so perfectly
In the sweet spot

We've been together, just long enough
To know we never, wanna mess this up
It's been a while now but baby, you know what
I still get a little giddy every time we touch

I said, ooh, ooh-ooh ooh-ooh ooh-ooh
I'm in love with you
Baby, look how you and me
We fell so perfectly
In the sweet spot

Yeah, ain't it great when you know that the one you got
Has got it just as bad for you
Every word, every song, every single thought
All I'm thinking about is you

I said, ooh, ooh-ooh ooh-ooh ooh-ooh
I'm in love with you
Baby, look how you and me
Oh we fell so perfectly

I said, ooh, ooh-ooh ooh-ooh ooh-ooh
I'm in love with you
Baby, look how you and me
Oh we fell so perfectly
In the sweet spot
Oh in the sweet spot,
Oh in the sweet spot
Yeah, in the sweet spot
