

# The Great Unknown

Sara Evans

Fire up the motor baby, I'm already packed  
I'll ride shotgun, navigate, throw the cooler in the back  
Let's try and get us lost  
Anywhere you want to go  
Come on show me the other side of the great unknown

Well I've never rocked the Rockies  
Never sinned in Santa Fe  
I want to stand on a corner in Winslow, Arizona someday  
And just take it easy  
Drive me down a desert road

Come on show me the other side of the great unknown

Cause I'm tired of being careful  
I'm sick of staying home  
I just want to see a little of the great unknown  
Take a right, take a left, I don't really care

It doesn't matter where we end up  
Baby I can love you anywhere  
I will be a waitress, you could work on cars  
Find ourselves a koa and sleep underneath the stars  
Just living and a loving

Cause I'm tired of being careful  
I'm sick of staying home  
I just want to see a little of the great unknown  
Take a right, take a left, I don't really care

Baby don't say no  
Come on and show me the other side of the great unknown  
Show me the other side of the great unknown
