

Beautiful Child

Sara Groves

Beautiful child right from the moment you were born
you overtook my heart my world
my beautiful child

Tender and sweet both in your crying and your sleep
you radiate a sense of hope
you're beautiful

And I have seen the most amazing sights
in my travels on the earth
misty seas and amber harbor lights
and other things of matchless worth

But next to you all of the beauty seems so plain
you would think I'd never seen a beautiful thing

And I have seen the most amazing sights
in my travels on the earth
seven sacred pools on starry nights
and other things of matchless worth

But next to you all of the beauty seems so plain
you would think I'd never seen a beautiful thing

I have seen the most amazing sights
in my travels on the earth
moonlight sleeping on the canyon heights
and other things of matchless worth

But next to you all of the beauty seems so plain
you would think I'd never seen a beautiful thing
