

Morning Will Be On The Other Side

Sara Groves

Little girl tie on your angel wings
and fly fly
fly fly fly
fly far away until you fall asleep
oh fly fly fly fly fly
fly into the place you see
the sun is setting
fly into the land of ever after
endings
fly until you come upon love I am send-ing
the morning will be on the other side
so fly
little boy climb on your pillow steed
and ride
ride ride ride ride
ride far away until you fall asleep
oh ride ride ride ride ride
ride into the place you see the sun is setting
right into the land of ever after endings
ride until you come upon love I am sending
the morning will be on the other side
so ride
