

Peace Peace

Sara Groves

Peace, peace, it's hard to find
Trouble comes like wrecking ball
To your peace of mind
And all that worry you can't leave behind you

All your hopes and fears
All your hopes and fears, oh
All your hopes and fears
Are met in Him tonight

Peace, peace, it's hard to find
Doubt comes like a tiny voice that's so unkind
And all your fears
They conspire to unwind you

And all your hopes and fears
All your hopes and fears, oh
All your hopes and fears
Are met in Him

And in your dark street shines
An everlasting light
And all your hopes and fears
Are met in Him tonight

And all your hopes and fears
All your hopes and fears, oh
All your hopes and fears
Are met in Him tonight

Peace, peace
Peace, peace
Peace, peace
