

## Song For My Sons

Sara Groves

This is a song for my sons for when they understand it  
You know how life is full you know we couldn't plan it  
Your dad and I prayed for strength and understanding  
For things we couldn't see or comprehend

This is a song for you, to carry in your pocket  
Take all our love with you in all the paths you walk in  
I can't say your life will always go like it should  
But I can say that God is always good

And when the cold wind blows like I know it will  
And when you feel alone like I know you will  
And when the cold wind blows like we know it will

Don't let your love grow  
Don't let your love grow  
Don't let your love grow cold

This is a song for my sons for when they understand it  
You know how life is full you know we couldn't plan it  
Your dad and I prayed for strength and understanding  
For things we couldn't see or comprehend

This is a song for you, to carry in your pocket  
Take all our love with you in all the paths you walk in  
Be honest with yourself and don't forget to pray  
And read your bible everyday

And when the cold wind blows like I know it will  
And when you feel alone like I know you will  
And when the cold wind blows like we know it will

Don't let your love grow  
Don't let your love grow  
Don't let your love grow cold

Don't let your love grow  
Don't let your love grow  
Don't let your love grow cold

This is a song for you  
All of my love for you

This is a song for my sons for when they understand it  
You know how life is full you know we couldn't plan it  
Your dad and I prayed for strength and understanding  
For things we couldn't see or comprehend
