

## Station Wagon

Sara Groves

Honey help me pack up the station wagon  
I'm eager to leave even though my feet are draggin'  
if we can get on the road by sunset  
we'll forget about what we haven't done yet  
help me pack up the station wagon

Honey go put the baby in the car seat  
we're almost ready and by the way I'm sorry  
in all this hurry I forgot to be kind  
I got so worried that I lost my mind  
by the way I'm sorry

Honey I'm happy and I feel so alive  
I can't believe that we just took the dive  
the water sometimes it's deep and cold  
but it's a beautiful place for growin' old  
honey I'm happy and I feel so alive
