

Chillers Bend

Sara Storer

Billy sipped his rump can as he speed'd out of town
Monday afternoon there would .. be no cops around
She was good but he knew she was out of bounds
Now he's out of this town

He Said I hold her tight once a week
and I leave her once again
Gotta shoot my quota
I'll see you next weekend
I Dont know if she's worth it
But again I'm blown dust to her town

Directly on the river bend
The road was wide and dry
The policeman shook his head
There is no answer to this end
Another mystery flows by Chillers Bend

Her daddy runs the chiller
His name is "Max The Killer"
If you knew Bill or Max could do it
Would make your back bone shiver
What happen to the last boy you came sleepin round
Now hes out of this town

She said meet me on the North side
The plan will go this way
Your gonna take me from my Father Billy
Or they'll be hell to pay
I'll wear the dress you love the best
I'll wear my darker down
And we'll get out of this town

Directly on the river bend
The road was wide and dry
The policeman shook his head
There is no answer to this end
Another mystery flows by Chillers Bend

Becky stood there waiting
Her Billy didn't show !!
Her head it was a spin'
And her heart beat fast then slow

That's the broach daddy Max's
Billy drown, now hes out of this town

Directly on the river bend
The road was wide and dry
The policeman shook his head
There is no answer to this end
Another mystery flows by Chillers Bend
