

# Pave the Way

Sarah Bettens

I could have been her  
More like a girl  
But then again no  
I've always known

As I watched  
The girls in my class  
Growing up fast  
They never offered  
I never asked

Did they feel alone like me?  
Did they not know who to be?

And I'm not too blind to see  
That I could change my ways  
Or try to like the games they play  
But I'm on my own anyway

So I might as well  
Pave the way  
I might as well  
Pave the way

I didn't belong  
I had to be strong  
Just like a boy  
But not like a boy

And I'm so surprised to see  
On the outside and naked  
You're just like me

And I'm not too blind to see  
That I could change my ways  
Or try to like the games they play  
But I'm on my own anyway

So I might as well  
Pave the way  
I might as well  
Pave the way

And I'll wear my rainbow flag with pride  
And if I have people I love on my side  
I'm alright  
I'm alright

So I might as well  
Pave the way  
I might as well  
Pave the way

Pave the way  
I might as well  
Pave the way
