

Fall From A Star

Sarah Blackwood

Never loved some one the way that I love you
I always understood and promised you the truth
But you kept walking, and I kept wondering, where we were going
You keep saying change is just around the bend
But I don't think I can believe those words again
When we're on water, it's getting deeper, this ship is sinking

Is this what it feels like to fall from a star
You say you wanna be loved but you don't know who you are
Oh and I've been waiting
Yeah I've been waiting
But I just can't hold on, I can't hold on anymore

I can't be around to watch you do this to yourself
Being here for me just isn't gonna help
And it ain't easy, to know you'll need me, and I won't be here
So darling shed a tear, one more before I go
I hate to break your heart but mine is breaking more
I just can't do this, watch you destroy this, while I still love you
