

Monday Morning

Sarah Blackwood

monday morning came so soon
sun beat out our desperate moon
say you'll miss me one last time
our hearts lie restless on this wire
there you go...

my blue eyed boy
left like a stranger on the road
monday morning came alone
for you and me
my blue eyed boy

time is tearing us apart
you say it hurts like daggers to your heart
and if I take away your song
you say that you will just go numb
so there you go...

my blue eyed boy
left like a stranger on the road
monday morning came alone
for you and me
my blue eyed boy

still alone my heart is aching
time it just ain't on our side
watch you roll away my darling
wishin' with you I could ride

my blue eyed boy
left like a stranger on the road
monday morning came alone
for you and me
my blue eyed boy

my blue eyed boy
left like a stranger on the road
monday morning came alone
for you and me
my blue eyed boy
