

Bury This

Sarah Blasko

Come down to the ocean
Come down and I'll baptise you
To the ocean once more

Come lay down in the soil of youth
Come lay down where you and I were born
In the soil of youth I'll bury you
I'll bury you once more

Come now to a foreign land
Come now, we'll start again
In a foreign land we'll start again
We'll start again once more
