

# Arabian Nights

Sarah Brightman

Don't you forget the echoes of time  
Won't you regret the losing of minds  
In my dreams I'm searching  
Across the desert sands for you  
Scimitar moon is guiding me close to your side

Voyage, voyage  
Voyage, voyage  
Wilderness to wilderness  
I traveled from afar  
On the soft wind of the Nadq  
Came fragrance of Araar  
Splendor of a thousand suns shone glory in my path  
No love more pure and rage more fierce  
Could still my beating heart  
Voyage, voyage  
Voyage, voyage

So  
Should I return to trace the shadows of my chases  
My steps will echo there from sand to stone  
I will never let my eyelids close on empty spaces  
My dreams will fill the void with tales unknown  
Know the mighty infinite obscures the far horizon  
The whispered road I take will never bend  
Alone  
And will the wind return my story to its promise  
Or will my story chase me to my end

Aye Hawa, Mere Dilbar  
Ko Mere Pyar kay Geet Suna aa.  
Tu hay meri Manzil  
Aur pyar mera musafir, Musafir ...  
Meri reshmi Zulfain  
Meri meri reshmi zulfain  
Teri Zanjeerain  
Hamesha  
Meri reshmi Zulfain  
Meri meri reshmi zulfain  
Teri Zanjeerain  
Hamesha

Melodies unspoken  
Flowing from the lotus of my heart  
Ending where we start  
Promises unbroken

Promising a never-ending fire  
Of love beyond desire  
Ending where we start
