

Arabian Nights

Sarah Brightman

Don't you forget the echoes of time
Won't you regret the losing of minds
In my dreams I'm searching
Across the desert sands for you
Scimitar moon is guiding me close to your side

Voyage, voyage
Voyage, voyage
Wilderness to wilderness
I traveled from afar
On the soft wind of the Nadq
Came fragrance of Araar
Splendor of a thousand suns shone glory in my path
No love more pure and rage more fierce
Could still my beating heart
Voyage, voyage
Voyage, voyage

So
Should I return to trace the shadows of my chases
My steps will echo there from sand to stone
I will never let my eyelids close on empty spaces
My dreams will fill the void with tales unknown
Know the mighty infinite obscures the far horizon
The whispered road I take will never bend
Alone
And will the wind return my story to its promise
Or will my story chase me to my end

Aye Hawa, Mere Dilbar
Ko Mere Pyar kay Geet Suna aa.
Tu hay meri Manzil
Aur pyar mera musafir, Musafir ...
Meri reshmi Zulfain
Meri meri reshmi zulfain
Teri Zanjeerain
Hamesha
Meri reshmi Zulfain
Meri meri reshmi zulfain
Teri Zanjeerain
Hamesha

Melodies unspoken
Flowing from the lotus of my heart
Ending where we start
Promises unbroken

Promising a never-ending fire
Of love beyond desire
Ending where we start
