

Brown Eyes

Sarah Brightman

I had a dream last night
We never said goodbye
You were here with me
Brown Eyes

It felt just like old times
When you were by my side
I could see your love shine through
Brown Eyes

Tenderly, you were kissing me
And I held you so tight
And you promised me, forever
As we loved into the night

You may be a dream
A dream that's passed me by
But I'll always dream of you
Brown Eyes
