

## Fleurs du Mal

Sarah Brightman

Is it you I keep thinking of?  
Should I feel like I do?  
I've come to know that I miss your love  
While I'm not missing you  
We run  
Til it's gone  
Et les fleurs du mal  
Won't let you be  
You hold the key to an open door  
Will I ever be free?

R: Les fleurs du mal unfold  
Comme les fleurs du mal  
Dark demons of my soul  
Un amour fatal  
Been tryin' hard to fight  
Comme les fleurs du mal  
Les fleurs du mal inside  
Un amour fatal

All my life I've been waiting for  
In this perfume of pain  
To forget when I needed more  
Of love's endless refrain  
We live  
And we pray  
Pour les fleurs du mal  
I've lost my way  
What is done will return again  
Will I ever be free?

R:

Les fleurs du mal  
Comme les fleurs du mal  
Un amour fatal  
Comme les fleurs du mal
