Ghost in the Machinery

Sarah Brightman

In the heat of the moment In the dark of the night You never see his face For he's the ghost inside

In the heat of the moment He will laugh at you How can you make peace When he's at war with you

In the heat of the moment You're the perfect guy Born to make mistakes He knows the reason why

He's a shock to the system
He's a wicked clown
No matter what you do
He turns it upside down

Hu hu hu hu hu hu Ghost in the machinery Hu hu...

In the light of a new love
In the dark of the night
You can fall asleep
And dream he's out of sight

In the eyes of children You can read his name They'll make the same mistakes And that's the only way Hu hu...
