

# Let It Rain

Sarah Brightman

It's tempting  
Haunting  
Love is the law  
It's temple  
It's empty  
From grace we fall  
It feels like  
On the outside  
Looking in  
We always wonder  
How it could have been

R: Let it rain  
Let it rain  
Why we can't we find love again  
Let it rain  
Let it rain  
Still I drown in tears of pain  
Over again  
Let it rain

Chances  
Hunger  
Insatiable  
Life is changing  
Unpredictable  
Hear me calling  
Where are you now?  
Will we meet  
Anyway  
Anyhow

R: (2x)

Where do we end?  
Where do we begin?  
Are we lost  
Or must we lose to win?  
We depend  
On where we stand  
Are we free  
To choose the lives we live?  
(2x)
