

No One Like You

Sarah Brightman

And reach out will it not be soft and kind
At rest from life
from patience and from pain
At rest from bliss
we know not when we find
How can I have enough of life and love

In your eyes are my secrets
that I've never shown you
In my heart I feel
I've always known you
In your arms there's a comfort
that I never knew
You're what I've been waiting for
there's no one like you

Sure as the sunrise
pure as a prayer
You fashioned hope
right out of thin air
Every dream I abandoned
seems it could come true
I believe in miracles
there's no one like you

Innocent as a newborn
in a world so frightening
It's as if my world's
been struck by lightning
Every dream I abandoned,
seems it could come true
I believe in miracles,
there's no one like you
