

# Daddy's Eyes

Sarah Connor

Hello morning light  
I cannot fight the feeling  
Somethings changed  
I'm lying in my bed  
And feel a second heartbeat in my vanes

The sky is more blue than yesterday  
The grass is green and high  
The sun sends out her warmest rains  
To welcome you my child

Every time that I think of you  
I feel a love that's so strong and true  
I know when you arrive  
You'll have your daddy's eyes  
Every time that I'm feeling blue  
I sit right back and I think of you  
That's when I realize  
You'll have your daddy's eyes

Hello beautiful  
Your face is like a mirror of my dreams  
I hold you in my arms  
And life is just a careless song to me

Your daddy won't be home tonight  
He's on a distant road  
I sing a little lullaby  
I hope he'll soon be home

Every time that I look at you  
I feel a love that's so strong and true  
And I'm hypnotized  
You'll got your daddy's eyes  
Every time that I'm feeling blue  
I take a long love and look at you  
And you look so nice  
You'll got your daddy's eyes  
Laughter and their ? just like first steps in the sand  
But that seems so far away  
When you hold my finger in your hand  
I'll be your mother and your friend  
Ooh

Every time that I look at you  
I feel a love that's so strong and true  
And I'm hypnotized  
You'll got your daddy's eyes  
Every time that I'm feeling blue  
I take a long love and look at you  
And you look so nice  
You'll got your daddy's eyes  
Laughter and their? just like first steps in the sand  
But that seems so far away  
When you hold my finger in your hand  
I'll be your mother and your friend  
Ooh
