

# If U Were My Man

Sarah Connor

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man

Boy I see you lookin' at my body  
With that look in your eyes  
And even though you're standing with your girl  
You've got me on your mind

If we spent one night, boy I'd love to touch your heaven  
And do you right, just sit back  
Enjoy the ride  
Baby close your eyes, there's so many things that I want to do  
Baby with you, oh baby baby

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man

I'm not into stealin' other lovers  
But we both know this game  
And lookin' at the way you want me baby  
I know you feel the same oh baby

If we spent one night, boy I'd love to touch your heaven  
And do you right, just sit back  
Enjoy the ride  
Baby close your eyes, there's so many things that I want to do  
Baby with you, oh baby baby

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man

If we spent one night, boy I'd love to touch your heaven  
And do you right, just sit back  
Enjoy the ride  
Baby close your eyes, there's so many things that I want to do  
Baby with you, oh baby baby

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man

If you were my man, I could be your fantasy  
And if you were my man, I'd give you sweet ecstasy  
Yes if you were my man, what I'd do  
If you were my man, if you were my man
